- b. If an Association has one or more teams in a sex/age group, then one team must be entered into the First Division unless the Competition Committee makes a recommendation to move a team to Second Division based on the Divisional matrix. The matrix will be formed utilizing requests for team placement, past League results, CYSL scheduling formats, and will be presented to the BOD in December and January. Changes in team placement may be made by the Competition Committee until the final schedule is completed.
- c. An Association may appeal to the Competition Committee for placement adjustments. Request for adjustments must meet deadlines set by the Competition Committee. Deadlines may be adjusted at regular scheduled league meetings by the Competition Committee to coincide with their meeting schedule. Requests for adjustments must be provided to the Competition Committee in writing. An Association may include any other material they feel is relevant in a request.

2. TEAM COMPOSITION

- d Rosters, for all teams U12 and older, must be signed by the Association Registrar or President and submitted to the League Registrar for validation prior to use. Rosters must be typed or computer printed resembling a MA Youth Soccer official roster and containing the same information. Rosters with white out or tape over will not be accepted. The Coastal Youth Soccer League has adopted a Zero Tolerance Policy, which is included in the booklet. All Member Associations have agreed to follow this policy.

- b. Team Officials, coaches and managers, must fully support the referee at all times. In cases where the fans are, in the opinion of the referee, getting out of hand (verbal abuse to the referee, opposing players, coaches or opposing spectators) the referee has the power to stop the game and ask the appropriate coach to get his or her fans under control. In no case, will the referee deal directly with a spectator. If after the appropriate coach has tried to comply with the referee's request and the problem still exist, the referee can terminate the game and make a full report to the Standards Committee Chairman. In cases where the spectator affiliation cannot be determined, it is up to the home team coach to address the situation. If the situation is not corrected, the referee can terminate the game.
- c. In the case where the referee terminates the game, the referee will forward a report to the CYSL Standards Committee. The CYSL Standards Committee will recommend all penalties. Penalties may include playing all away games, suspension of team from the league to playing without spectator support. For the particular game, the CYSL Standards Committee may decide to award points to either of the team or neither of the teams based on their evaluation rather than replay the game.
- d. **If a team official, coach or manager is "sent off" from the field for conduct, he/she will receive an automatic 3 game suspension. Such suspension will apply to the team that the person was coaching at the time of the ejection. Should there not be enough games remaining in the regular season and playoffs for that year, such suspension will carry over into the following CYSL season. The Standards Committee reserves the right to impose further action including a suspension from other teams based upon a review of the circumstance, e.g. referee report, witness statements, etc.**
- e. All coaches and non-playing players must stay on their own half of the field, at least 5 yards from the midfield line. Substitute players waiting to enter the game should wait on their own half of the field at the midfield line. Players and coaches may not enter the field of play unless invited by the referee.

U10 GAME RULES

Below are the rules for the U10 program. These rules are based on a recommended program from the USYSA plus additions by a CYSL U10 Committee. Coaching emphasis should be skills and ball control by the individual player. Fewer players are being put on a small field to ensure that each player has a lot of touches of the ball.

By extending the small field concept to the U10s, we expect the players to have better skills at the U12 level when they should begin to learn tactics.
